Assembly Bill No. 2293**CHAPTER 342**

An act to add and repeal Section 1797.229 of the Health and Safety Code, relating to emergency medical services.

Approved by Governor September 11, 2018. Filed with Secretary of State September 11, 2018.

LEGISLATIVE COUNSEL'S DIGEST

AB 2293, Reyes. Emergency medical services: report.

Existing law, the Emergency Medical Services System and the Prehospital Emergency Medical Care Personnel Act, governs local emergency medical services systems, and establishes the Emergency Medical Services Authority (authority), which is responsible for the coordination and integration of all state agencies concerning emergency medical services. The act creates the Commission on Emergency Medical Services (commission) to, among other things, advise the authority on the development of an emergency medical data collection system.

The act authorizes each county to establish an emergency medical services program under which the county is required to designate a local emergency medical services (EMS) agency. Existing law requires the medical director of a local EMS agency to issue a certificate to, or recertify, an individual as an Emergency Medical Technician-I (EMT-I) or Emergency Medical Technician-II (EMT-II), upon proof that the individual has met specified requirements.

This bill would require each local EMS agency and other certifying entities to annually submit to the authority, by July 1 of each year, data on the approval or denial of EMT-I or EMT-II applicants, containing specified information with respect to the preceding calendar year, including, among other things, the number of applicants with a prior criminal conviction who were denied, approved, or approved with restrictions. By creating new duties for local EMS agencies, the bill would impose a state-mandated local program.

The bill would require the authority to annually report to the commission on the extent to which prior criminal history may be an obstacle to certification as an EMT-I or EMT-II, and would require the authority to annually submit the same report to the Legislature and make the report easily accessible on the authority's Internet Web site.

This bill would make these provisions inoperative on July 1, 2024, and would repeal them as of January 1, 2025.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

(c) Data submitted to the authority pursuant to subdivision (a) and the reports described in subdivision (b) shall not contain any personal identifying information of the EMT-I or EMT-II applicants.

(d) This section shall become inoperative on July 1, 2024, and, as of January 1, 2025, is repealed.

SEC. 2.

If the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.
