COVID-19 DAILY STATUS REPORT

PLEASE NOTE: This is an evolving situation. More information will be distributed as it becomes available. For the most up to date information, please visit: www.cdc.gov/coronavirus. Additional information is available at www.countyofmerced.com/coronavirus.

CURRENT STATUS:

- As of Tuesday, March 10, 2020, there are no confirmed cases of COVID-19 (novel coronavirus) in Merced County.
- In California, there are 144 active cases, two deaths and two recoveries.

RECENT ACTIVITIES:

- Although there are no confirmed cases of COVID-19 in Merced County at this time, Merced County Public Health continues to coordinate with federal, state and local partners to further prepare us for any potential future impacts. This includes working with the California Department of Public Health and the Centers for Disease Control and Prevention to monitor COVID-19.
- In coordination with the Merced County Office of Emergency Services, daily situational status calls continued today with local government agencies, schools, and healthcare professionals in our community.
- Dr. Ken Bird, Merced County's Public Health Officer, provided a presentation to the Board of Supervisors during its March 10 meeting regarding COVID-19 symptoms, status, and control measures.
- The Merced County Public Health Department Operations Center was opened Jan. 27, 2020 (44 days) in order to prepare for the potential of COVID-19 in and around our community.

COVID-19 SYMPTOMS AND PRECAUTIONS:

- Coronavirus symptoms include: mild to severe respiratory illness, fever, cough and difficulty breathing. If symptoms develop, individuals should stay at home to limit exposure to others.
- Persons who have recently traveled to China, Japan, South Korea, Iran, or Italy, or who have had contact with a person with possible COVID-19 infection and have the above symptoms should call their local health department or health care provider immediately.
- Do not go to your provider's office without calling ahead. Do not call 911 for suspected COVID-19 unless you are having a medical emergency.
- During the flu season, there are steps you can take to protect your health and the health of those around you:
 - Wash your hands regularly with soap and water for 20 seconds.
 - Avoid touching your eyes, nose, or mouth with unwashed hands.

- Avoid close contact with people who are sick.
- Stay away from work, school or other people if you become sick with respiratory symptoms such as fever and cough.
- Cover sneezes or coughs with a tissue, then throw the tissue in the trash.
