COVID-19 DAILY STATUS REPORT (AFTERNOON UPDATE)

PLEASE NOTE: This is an evolving situation. More information will be distributed as it becomes available. For the most up to date information, please visit: www.cdc.gov/coronavirus. Additional information is available at www.countyofmerced.com/coronavirus.

CURRENT STATUS:

- As of 4 p.m. Friday, April 24, 2020, there are 102 confirmed cases (38 active) of COVID-19 (novel coronavirus) in Merced County. Of that number, 61 have recovered and three have died.

TOTAL COVID-19 CASE COUNT FOR MERCED COUNTY			
Current as of 4 p.m., April 24, 2020			
# Confirmed	# Active	# Recovered	# Deaths
102*	38	61*	3
CASE SUMMARY DETAILS			
EXPOSURE TYPE	East County	West County	
Acquired Out of Jurisdiction	23	8	
Community Spread	13	9	
Healthcare Exposure***	7	17	
Known Exposure	12	13	
Under Investigation	0	0	
GENDER	East County	West County	
Female	26	30	
Male	29	17	
AGE	East County	West County	
<18 years	1	2	
18-49	33	32	
50-64	13	10	
65+	8	3	

Notes:

- *Total confirmed cases include total recovered and total deaths.
- **Recovered defined as symptom free with no medication for 72 hours.
- ***Healthcare exposure includes exposure in and out of jurisdiction.
- East Merced County includes: Atwater, Ballico, Bear Creek, Calpack, Cressey, Delhi, El Nido, Hilmar, Irwin, Le Grand, Livingston, Merced, Planada, Snelling, Stevinson, Tuttle, and Winton
- West Merced County includes: Dos Palos, Gustine, Los Banos, Santa Nella, and Volta

- Community-Specific Reporting:** Due to privacy laws, Merced County had not released a community-specific breakdown of positive cases until Monday, April 13. Due to a relatively low number of positive cases and the size of some of our cities and unincorporated communities, previously releasing those numbers could have been an identifying factor and a breach of patient confidentiality. Furthermore, releasing that type of data could have also created a false sense of security in communities without confirmed cases, leading to greater spread of COVID-19. However, similar to other neighboring counties, Merced County has now reached a high enough case total that patient confidentiality is no longer considered a major risk for communities that have five or more cases. For that reason, we are now releasing community-specific numbers for those that have five or more cases:

Note: **Only communities with five or more cases are reported in this graph. The figures in this chart represent confirmed cases, which includes active cases, recoveries, and deaths.*

- Based on information provided by individuals who test positive, Public Health staff will continue to assess risks of exposure and contact any affected individuals.
- Due to privacy laws, the Public Health Department cannot release identifying information related to positive cases.
- In California, there are 40,911 confirmed cases and 1,596 deaths.

RECENT ACTIVITIES & UPDATES:

- Merced County Public Health continues to coordinate with federal, state and local partners to further prepare us for future impacts. This includes working with the California Department of Public Health and the Centers for Disease Control and Prevention to monitor COVID-19.
- In coordination with the Merced County Office of Emergency Services, situational status calls continued this week with local government agencies, schools, and healthcare professionals in our community.
- Today, the Merced County Public Health Officer issued an amended Health Order that expands the definition of essential services to include drive-up services for faith-based organizations, animal care facilities, drive-through automatic car washes, and pool maintenance. The amended Order is effective immediately and supersedes the prior Order issued on April 17, 2020. The Order also requires essential businesses to develop a Social Distancing and Safety Plan. View the full Order at www.countyofmerced.com/coronavirus.
- COVID-19 Webinar—Job Seeker Resources
 - Due to unforeseen circumstances, today's COVID-19: Job Seeker Resources webinar was postponed until further notice. In the meantime, anyone with questions about resources and benefits can visit these sites:
 - Worknet Merced County: www.worknetmerced.com
 - Unemployment Insurance: https://www.edd.ca.gov/Unemployment/UI_Online.htm
 - Pandemic Unemployment Assistance: https://edd.ca.gov/about_edd/coronavirus-2019/pandemic-unemployment-assistance.htm
 - Those with specific questions for Worknet Merced County can email outreach@worknetmerced.com. Anyone with unemployment insurance related questions for the Employment Development Department can email WSBModestoFieldOffice@edd.ca.gov.
- The Merced County COVID-19 information webpage, www.countyofmerced.com/coronavirus, continues to be updated on a daily basis.
- The Merced County Office of Emergency Services and Merced County Department of Public Health proclaimed a local and public health emergency March 13 in order to help address the outbreak. The Board of Supervisors ratified those actions during a March 16 special meeting.
- On March 19, Governor Gavin Newsom announced Executive Order N-33-20, asking California residents to stay at home. On March 20, Merced County's Health Officer also issued an Order directing County residents to remain in their places of residence except to perform or receive essential services.
- The Merced County Public Health Department Operations Center was activated Jan. 27, 2020 (89 days) in order to prepare for COVID-19 in and around our community. The Merced County Emergency Operations Center and Human Services Agency Department Operations Center are also currently active.

COVID-19 TESTING UPDATE:

- Within the public health system, every person who has met CDC criteria for severe disease within Merced County has been tested. Testing has been limited across the state of California, as noted multiple times by state officials as a barrier to response.
- Public Health is actively identifying other methods to enhance testing capability for providers throughout the community and increase testing county-wide. We will continue to be notified should positive tests come through either system (public health or commercial).

- In late March, Merced County opened two “mobile specimen collection sites” for COVID-19 in order to streamline testing capabilities. Initially, there will be two collection days per week, one on the westside of the County, and one on the eastside of the County. Each site will remain open for four hours per day. Additional hours per day and days per week may become more frequent if supply and personnel availability increase.
 - **PLEASE NOTE:** Use of these mobile specimen collection sites are by appointment only, and you must have a prescription from a physician and prior approval from the Merced County Department of Public Health. If you do not have a provider and have symptoms call 209-381-1180 for a phone consultation. Anyone without prior approval will not be tested. Locations will be provided to clients once appointments are made. Call 209-381-1180 for more information.
- Following Governor Gavin Newsom’s recent announcement to add more community testing sites across the state focused on underserved communities, Merced County will launch a new testing site in the City of Merced. This new site is one of 80 testing sites powered through a partnership with OptumServe, the federal government health services business of Optum, a leading health services innovation company. The new testing site is projected to open on April 30, 2020. Testing will be by appointment only, and more information will be released when appointments become available.

COVID-19 SYMPTOMS AND PRECAUTIONS:

- Coronavirus symptoms include: mild to severe respiratory illness, fever, cough and difficulty breathing. If symptoms develop, individuals should stay at home to limit exposure to others.
- Anyone who has had contact with a person with possible COVID-19 infection and has the above symptoms should call his/her local health department/health care provider immediately.
- Do not go to your provider’s office without calling ahead. Do not call 911 for suspected COVID-19 unless you are having a medical emergency.
- During the flu season, there are steps you can take to protect your health and the health of those around you:
 - Wash your hands regularly with soap and water for 20 seconds.
 - Avoid touching your eyes, nose, or mouth with unwashed hands.
 - Avoid close contact with people who are sick.
 - Stay away from work, school or other people if you become sick with respiratory symptoms such as fever and cough.
 - Cover sneezes or coughs with a tissue, then throw the tissue in the trash.
