COVID-19 DAILY STATUS REPORT

PLEASE NOTE: This is an evolving situation. More information will be distributed as it becomes available. For the most up to date information, please visit: www.cdc.gov/coronavirus. Additional information is available at www.countyofmerced.com/coronavirus. These status reports are released daily on normal business days. Statistics will continue to be updated on weekdays at www.countyofmerced.com/coronavirusstats. **PLEASE NOTE:** Due to two County holidays, there will not be a report released on 2/12 or 2/15.

CURRENT STATUS:

- As of 3:30 p.m. Tuesday, February 9, 2021, there are 27,509 confirmed cases (+85 from Monday) of COVID-19 (novel coronavirus) in Merced County. Approximately 1,766 of those cases are active, and 367 have died.
- Current Risk Tier: Purple (Widespread).** Many non-essential indoor business operations are closed.
 - Tiers are determined by the California Department of Public Health based on test positivity and adjusted case rate. Counties can move into more or less restrictive tiers based on these factors. Weekly tiers are updated on Tuesdays. More information: www.covid19.ca.gov/safer-economy/

Mobile: English: <http://dashboard-mobile.reopenmercedcounty.com> Spanish: <http://dashboard-mobile-spanish.reopenmercedcounty.com>

- Based on information provided by individuals who test positive, Public Health staff will continue to assess risks of exposure and contact any affected individuals.
- Due to privacy laws, the Public Health Department cannot release identifying information related to positive cases.
- In California, there are 3,354,591 confirmed cases and 44,477 deaths.

RECENT ACTIVITIES & UPDATES:

- Merced County Public Health continues to coordinate with federal, state and local partners to further prepare us for future impacts. This includes working with the California Department of Public Health and the Centers for Disease Control and Prevention to monitor COVID-19.
- Vaccination Information/Notifications: www.vaccinatemercedcounty.com
- Partnership leads to additional vaccination clinics this week: www.countyofmerced.com/CivicAlerts.aspx?AID=1993
- **Please note:** The State is in the process of launching a new vaccine-scheduling platform known as “My Turn.” That platform is not yet available in Merced County and more information will be provided once it’s made available in coming weeks. Those who have already received their first dose of the vaccine with the Merced County Department of Public Health will be notified by a third-party agency called HR Support to schedule their second dose in order to complete the vaccination series and become fully vaccinated.
- In an effort to slow the spread of COVID-19 by preventing large group gatherings, the County’s regional parks (Lake Yosemite, Hagaman Park and Henderson Park) will be closed on Saturdays and Sundays until further notice. The parks will remain open on weekdays, but physical distancing must be adhered to and large group gatherings will continue to be prohibited.
- The Merced County Office of Emergency Services and Merced County Department of Public Health proclaimed a local and public health emergency March 13 in order to help address the outbreak. The Board of Supervisors ratified those actions during a March 16 special meeting.
- The Merced County Public Health Department Operations Center was activated Jan. 27, 2020 (380 days) in order to prepare for COVID-19 in and around our community. The Merced County Emergency Operations Center and Human Services Agency Department Operations Center are also currently active.

COVID-19 Vaccination Distribution: Phases 1 As of January 13, 2021

The supply of COVID-19 vaccine is limited, which means that the vaccine will be offered to different groups of people in different phases, starting with our healthcare workers. As more vaccines become available, it will be offered to everyone. Below is a list of groups that will be offered the vaccine in phases, according to their risk of exposure.

- Key:**
- Green circle indicates that the group has been offered the vaccine.
 - Yellow circle indicates that the group is waiting to be offered the vaccine.
 - Red circle indicates that the vaccine is not yet available at this time.

Phase 1A

Tier 1:	Tier 2:	Tier 3:
<ul style="list-style-type: none"> ● Acute care, psychiatric and correctional facility hospitals ● Skilled nursing facilities, assisted living facilities, and similar settings for older or medically vulnerable individuals ● Residents in long-term care settings ● Paramedics, EMTs and others providing emergency medical services ● Dialysis centers 	<ul style="list-style-type: none"> ● Intermediate care facilities for persons who need non-continuous nursing supervision and supportive care ● Home health care and in-home supportive services ● Public Health field staff ● Primary care clinics, including federally qualified health centers, rural health centers, correctional facility clinics, and urgent care clinics ● Community health workers, including promotoras 	<ul style="list-style-type: none"> ● Specialty clinics (i.e. optometry, cardiology, neurology, outpatient, surgery, physical therapy, etc.) ● Laboratory workers ● Dental and other oral health clinics ● Pharmacy staff not working in settings at higher tiers ● Veterinarians

Phase 1B

Tier 1:	Tier 2:
<ul style="list-style-type: none"> ● Persons 65 years and older ● Frontline Essential Workers Sectors: education, childcare, emergency services, and food and agriculture 	<ul style="list-style-type: none"> ● Frontline Essential Workers Sectors: transportation and logistics; industrial, commercial, residential, and sheltering facilities and services; critical manufacturing ● Congregate settings with outbreak risk Incarcerated Homeless

Phase 1C

<ul style="list-style-type: none"> ● Persons 50-64 years old ● Persons 16-49 years old with high risk health conditions 	<ul style="list-style-type: none"> ● Other essential workers Water and Wastewater Chemical and Hazardous Materials Finance Services IT and Communication Government Operations / Community-Based Essential Functions Defense Energy
---	---

● Other groups not included may be added to a comparable phase.

These proposed allocations are based on recommendations by the CDC and ACIP

Distribución de la vacuna contra COVID-19: Fase 1 Apartir de 13 de enero 2021

La provisión de la vacuna del COVID-19 es limitada, lo que significa que la vacuna se ofrecerá a diferentes grupos de personas en diferentes fases, comenzando por nuestros trabajadores de la salud. A medida que haya más vacunas disponibles, se ofrecerá a todos. A continuación se mostrará una lista de grupos a los cuales se les ofrecerá la vacuna en fases, de acuerdo con su riesgo de exposición.

- Clave:**
- El círculo verde indica que al grupo se le ha ofrecido la vacuna.
 - El círculo amarillo indica que el grupo está esperando que le ofrezcan la vacuna.
 - El círculo rojo indica que la vacuna aún no está disponible para el grupo.

Fase 1A

Nivel 1:	Nivel 2:	Nivel 3:
<ul style="list-style-type: none"> ● Hospitales de cuidados intensivos, psiquiátricos y correccionales ● Centros de enfermería especializada, centros de vida asistida y entornos similares para personas mayores o médicamente vulnerables ● Residentes cuidados de largo plazo ● Paramédicos, técnicos de emergencias médicas y otras personas que brindan servicios médicos de emergencia ● Centros de diálisis 	<ul style="list-style-type: none"> ● Centros de atención intermedia para personas que necesitan supervisión de enfermería y cuidados de apoyo no continuos ● Atención médica domiciliaria y servicios de apoyo en el hogar ● Personal de salud pública ● Clínicas de atención primaria, incluidos centros de salud calificados a nivel federal, centros de salud rurales, clínicas de establecimientos correccionales y clínicas de atención de urgencia ● Trabajadores de salud comunitarios, incluidas las promotoras 	<ul style="list-style-type: none"> ● Clínicas especializadas (por ejemplo, optometría, cardiología, neurología, ambulatorio, cirugía, fisioterapia, etc.) ● Trabajadores de laboratorio ● Clínicas de salud dental ● Personal de la farmacia no incluidos/as en los niveles anteriores ● Veterinarios

Fase 1B

Nivel 1:	Nivel 2:
<ul style="list-style-type: none"> ● Personas de 65 años o mayores ● Trabajadores esenciales de primera línea Sectores: educación, cuidado de niños/as, servicios de emergencia y alimentación y agricultura 	<ul style="list-style-type: none"> ● Trabajadores esenciales de primera línea Sectores: transporte y logística; instalaciones y servicios industriales, comerciales, residenciales y de refugio; fabricación crítica ● Lugares de congregación con riesgo de brotes Personas que están encarcelados/as Personas sin hogar

Fase 1C

<ul style="list-style-type: none"> ● Individuos de 50-64 años ● Personas de 16 a 64 años con condiciones de salud de alto riesgo 	<ul style="list-style-type: none"> ● Otros trabajadores esenciales Agua y aguas residuales Materiales químicos y peligrosos Servicios financieros Informática y comunicación Operaciones gubernamentales / Funciones esenciales basadas en la comunidad Defensa Energía
--	---

● Otros grupos no incluidos pueden agregarse a una fase comparable.

Estas propuestas se basan en recomendaciones de los CDC y ACIP

- Within the public health system, every person who has met CDC criteria for severe disease within Merced County has been tested.
- Public Health is actively identifying other methods to enhance testing capability for providers throughout the community and increase testing county-wide. We will continue to be notified should positive tests come through either system (public health or commercial).

COVID-19 SYMPTOMS AND PRECAUTIONS:

- Coronavirus symptoms include: mild to severe respiratory illness, fever, cough, difficulty breathing, chills, repeated shaking with chills, muscle pain, headache, sore throat, and loss of taste or smell. If symptoms develop, individuals should stay at home to limit exposure to others.
- Anyone who has had contact with a person with possible COVID-19 infection and has the above symptoms should call his/her local health department/health care provider immediately.
- Do not go to your provider's office without calling ahead. Do not call 911 for suspected COVID-19 unless you are having a medical emergency.
- During the flu season, there are steps you can take to protect your health and the health of those around you:
 - Wash your hands regularly with soap and water for 20 seconds.
 - Avoid touching your eyes, nose, or mouth with unwashed hands.
 - Avoid close contact with people who are sick.
 - Stay away from work, school or other people if you become sick with respiratory symptoms such as fever and cough.
 - Cover sneezes or coughs with a tissue, then throw the tissue in the trash.
 - Wear a face covering when in public.
