

Groundwater Sustainability Agency GSP Consistency Determination Form

This form documents compliance with the State of California Executive Order N-7-22 and the Groundwater Mining and Export Ordinance of Merced County codified in Merced County Code Chapter 9.27. This form must be completed for every well proposal that is not a Domestic De Minimis well and that is located within the jurisdiction of a groundwater sustainability agency (GSA). This form is the sole format Merced County Division of Environmental Health (MCDEH) has approved for a GSA's use in providing its determination of whether a well proposal is consistent with an applicable Groundwater Sustainability Plan (GSP).

Groundwater Sustainability Agency Name: _____

Groundwater Sustainability Plan Name: _____

Assessor's Parcel Number (APN): _____

Subbasin: _____

Is the proposed well in a basin or portion of a basin that the California State Water Resources Control Board has designated as a probationary basin under Water Code, division 6, part 2.74? (Check one of the following)

Yes

No

By signing below, I hereby acknowledge that the construction or alteration and use of the proposed well is consistent with the GSP referenced above and would not decrease the likelihood of achieving a sustainability goal for the basin covered by the plan.

GSA Representative (print name)
